Leadership Friendship Service

For active and petitioning members, registration is the low cost of \$35.

To register go to www.apo.org.

The Alpha Phi Omega Membership Academy is a weekend long skills training course designed to educate APO brothers in the basics of chapter membership operations.

Participants will receive hands-on training from volunteer staff, network with brothers and alumni from around the country, and leave the course with tangible skills, ideas, information, and membership action plans that they can bring back and use immediately in their home chapters.
